

GEOS
Groupe ADIT

**THE GLOBAL MANAGEMENT
OF YOUR RISKS**

Security expertise for the mining sector

A STRONG PARTNER AT YOUR SIDE

Founded in 1998, **GEOS** is the French pioneer in **supporting and developing projects** for companies and institutions in **volatile areas**, notably in Ukraine, Afghanistan, Iraq, Libya, Mexico, Haiti, Egypt and globally in Sub-Saharan Africa.

GEOS has **extensive experience** in large industrial projects, both internationally and in **France**, and offers comprehensive solutions for :

- technical assistance and services (delegated project management)
- risk management

GEOS is your privileged partner to **serenely exploit your growth potential** and your complex projects in **complex areas**.

GEOS joined in 2019 **the French group ADIT**, which is the **European leader in strategic intelligence and compliance** and former State agency privatized in 2011, in which the French state remains a shareholder.
